HOSPITAL STAY: Reasonable and Customary Charges made by the Hospital for each day a Covered Person is Hospital Confined. Such charges will include (a) Room accommodations (up to the average semi-private room rate). The average semi-private room rate includes any separate charges such as room, nursing services, maintenance, utilities and similar items. If a Hospital has only private rooms, eligible charges will be limited to 90% of the private room charge. (b) Charges for an Intensive Care Unit, Coronary Care Unit and Neonatal Intensive Care Unit confinement up to three times the average semi-private room rate. (c) Hospital charges for miscellaneous medical services and supplies that are necessary for the treatment of the Covered Person while Hospital Confined. These charges include: operating room, recovery room, anesthesia, surgical dressings, central supplies, casts and splints, Medicines or Drugs, x-ray photographs, laboratory service and oxygen, equipment and services, blood plasma, whole blood and blood derivatives. All charges must be incurred while a Covered Person is Hospital Confined. ASSISTANT SURGEON: Reasonable and Customary Charges for surgical assistance performed on a Covered Person while hospital confined or in a Same Day Surgery Facility. Eligible Assistant Surgeon expense is limited to 25% of the eligible charges allowance for the primary surgeon, when the assistance is rendered by a Doctor. This benefit reduces to 20% when a Physician Assistant assists and to 15% if the assistance is by a Registered Nurse.

FOREIGN EMERGENCY TREATMENT: We will pay for benefits for eligible charges resulting from charges for Emergency treatment that a Covered Person receives in a foreign country. Benefits payable will be the lesser of: (a) the actual charges for the services; or (b) the eligible charges that We would have paid if the Covered Person had received the Emergency treatment where the Covered Person resides.

OUTPATIENT PRESCRIPTION DRUGS

FOR NON-HSA PLAN DESIGN ONLY

Benefits are payable under the Group Policy, subject to the Deductible Amount(s) for charges resulting from the cost of Prescription Drugs prescribed by a Doctor for a Covered Person's use outside of a Hospital or Ambulatory Surgical Center. Although some benefit amount may be payable regardless of the Pharmacy used, maximum benefits are available only if a Participating Pharmacy is used and the Covered Person is identified as a participant in this preferred price prescription program. If the Covered Person is not identified as a participant or uses a Pharmacy other than a Participating Pharmacy, reimbursement for the cost of a prescription may be less than the charge made. Benefits payable under this provision are subject to all of the Group Policy provisions.

ANTEX considers a Prescription Drug charge as an eligible charge when:

1. A Doctor prescribes the drug for treatment of Injury or Sickness;
2. The Group Policy does not exclude the Injury or Sickness for which the Doctor has prescribed the drug;
3. The Outpatient Prescription Drug Rider does not exclude the drug; and
4. A Pharmacy, which is not part of a Hospital or Ambulatory Surgical Center, dispenses the Prescription Drug.

ANTEX does not cover prescription drugs that we have excluded by name or specific description. Payment for a prescription drug does not mean we have any liability under eligible charges. Any Ancillary Drug Charge included in the cost of the Prescription Drug.

The cost of any Prescription Drug dispensed in a quantity which exceeds a 31 day supply unless the manufacturer's packaging or the prescription requires a greater quantity.

Retin-A (tretinoin) for a Covered Person age 26 or older.

Over-the-Counter (OTC) medications (those medications which can be legally obtained without a Doctor's prescription), compounded drugs, unless they contain one 'legend' ingredient, unit dose drugs, dietary supplements, herbs and vitamins. We will not apply this Exception to prenatal vitamins a Doctor prescribes for pregnancy.

PRE-EXISTING CONDITIONS

How is a Pre-Existing Condition Defined?

Pre-Existing Condition means a condition not otherwise excluded by name or specific description: (a) for which medical advice, testing, care, treatment or medication was given or was recommended by, or received from, a Doctor within twelve months before the Certificate Date; or (b) that would have caused a reasonably intelligent person to seek medical diagnosis or treatment within twelve months before the Certificate Date. A pregnancy existing on the Certificate Date is a Pre-Existing Condition. ANTEX does not cover Pre-Existing Conditions for the first twelve months of coverage.

Are There Any

Circumstances When a Condition That Existed Prior to the Effective Date Is Covered? Yes. If a condition is disclosed on the application and no underwriting action is taken (i.e., Exclusion waiver), the condition is covered from day one, subject to the terms and conditions of the Group policy. Certain other conditions (not pre-existing) may not be Covered for the first 6 months of coverage.

Under What Conditions Can My Coverage Be Changed or Terminated? We or the Group Policyholder can terminate or non-renew coverage under the Group Policy as of any premium due date under any of the following conditions: (a) You have failed to pay premiums or contributions in accordance with the terms of the Group Policy or We have not received timely premium payments; (b) You or a Covered Person has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact in applying for coverage or under the terms of the Group Policy; (c) We are ceasing to offer coverage in the association

market in accordance with applicable state law; or (d) We are discontinuing all health benefit plans offered to associations.* If We refuse to renew coverage under reasons (a)-(b) above, We will give You 30 days notice prior to the non-renewal effective date. If We refuse to renew coverage under reason (c) above, We will: within 90 days prior to discontinuation, (a) provide notice to each association member covered under the Group Policy; (b) offer to each member the option of any other health benefit plan currently being offered by Us in the association market; and (c) act uniformly without regard to any health status-related factor of covered members or dependents or new members or dependents who may become eligible for coverage. If We discontinue offering all health insurance coverage in this market under reason (d) above, We will give 180 days notice to the Commissioner of Insurance, the association, and each association member covered under the Group Policy. At the time of coverage renewal, We may modify coverage under the Group Policy. However, the modification must be consistent with State law and effective on a

uniform basis among all individuals that We cover under the Group Policy. Subject to the conditions listed above, We cannot refuse to renew coverage: (a) just because of a change in a Covered Person's health or the type of work the Covered Person performs; or (b) just because of the claims filed by or on behalf of a Covered Person, unless the claims are fraudulent.
