

SUMMARY OF BENEFITS FOR IOWA

Preferred Provider Organization (PPO)

# Individual Health Insurance

# Individual Health Insurance

Created with **you** in mind  
**HumanaOne**<sup>®</sup> Health Plans  
The **protection** you need

HumanaOne was created with you in mind – self-employed individuals, small business employees and others who are not covered under a group health insurance plan to protect you when you need care and help manage your health care costs. HumanaOne understands that you pay 100 percent of your health care premiums. That's why we offer affordable insurance plans to individuals and families.

HumanaOne's Individual Health Plan covers more than just basic health care. You'll receive the same benefits you'd expect from a group insurance plan, such as a variety of annual deductible options from which to choose; five million dollars worth of lifetime coverage; and coverage for preventive care, physician and hospital services, and prescription drugs.

The Individual Health Plan is a traditional Preferred Provider Organization (PPO) product that pays a percentage for your health expenses once you have met your annual deductible. Some expenses are paid before the deductible and other services may require you to pay a copayment. A copayment does not apply towards your annual deductible or out-of-pocket maximum.

## Choose from the following benefit options to enhance your Individual Health Plan:

- **Zero deductible prescription option** – Pharmacy benefits begin immediately without having to meet a separate prescription drug deductible.
- **Office visit copayment option\*** – In-network office visits for illness or injury are paid at 100 percent after a copayment. The option does not apply for preventive care services or nonparticipating providers. *Four visits per member per year.*
- **Maternity benefit\*** – Provides coverage for pregnancy and routine newborn well-baby services. *A waiting period applies.*

\* Can vary by state and/or health plan.

## Prescription drug benefits

The Rx4 prescription drug benefit is included with the Individual Health Plan and has a separate \$500 deductible. Once you reach the \$500 prescription drug deductible per benefit year, you are only responsible for a copayment and the plan pays the remaining cost for drugs filled at a participating pharmacy. Each prescription drug is assigned to one of four levels with a different copayment for each level. A prescription drug will be covered to some degree, no matter which level it is assigned (see the following Summary of Benefits for specific benefit information).

- **Level One** – Lower-cost generic and some brand-name drugs
- **Level Two** – Higher-cost generic and some brand-name drugs
- **Level Three** – Higher-cost, mostly brand-name alternatives to drugs on Level One and Two. Also includes some self-administered injectable medications.
- **Level Four** – Highest-cost, including self-administered injectable medications and high technology drugs

## Mail-order prescription drugs

Save money and time by purchasing prescription drugs through a participating mail-order pharmacy. You are covered for up to a 90-day supply per prescription or refill and a 30-day supply for self-administered injectable drugs.

## HumanaOne's medical provider networks

HumanaOne health plans provide access to Humana's extensive network of doctors, pharmacies and hospitals. So, no matter where you work, live or travel throughout the continental United States, you are covered. Additionally, you have the freedom to see the provider of your choice. You will receive the most savings from your plan when visiting a provider in-network, but you're still covered if you choose to visit an out-of-network provider.
