Benefits will be determined based on Medical Mutual's medical and administrative policies and procedures. This document is only a partial listing of benefits. This is not a contract of insurance. No person other than an officer of Medical Mutual may agree, orally or in writing, to change the benefits listed here. The contract or certificate will contain the complete listing of covered services. In certain instances, Medical Mutual's payment may not equal the percentage listed above. However, the covered person's coinsurance will always be based on the lesser of the provider's billed charges or Medical Mutual's negotiated rate with the provider.

Deductible expenses incurred for services by a network provider will only apply to the network deductible. Deductible expenses incurred for services by a non-network provider will only apply to the non-network deductible.

The coinsurance for non-contracting institutional providers will be the same coinsurance percentage as the non-network provider. However, you may be subject to balance billing by the non-contracting provider.

The proposed course of treatment for organ/tissue transplants must be pre-determined and approved by a Medical Mutual case manager (except for corneal transplants.) Failure to contact the case manager prior to the proposed course of treatment (including the evaluation) will result in a significant monetary penalty. Refer to your certificate for details.

<sup>1</sup>Coinsurance does not apply to coinsurance out-of-pocket maximums. These services will not be covered at 100% once Coinsurance out-of-pocket maximums are met.

<sup>2</sup> A separate Value Vision discount program highlight sheet is available.

<sup>3</sup> Drug benefit contains the following:

- Rx Selections<sup>®</sup> Drug List: A list of drugs on the Rx Selections<sup>®</sup> formulary will be used.
- Generic Incentive: If the member or physician requests a brand-name drug, and a generic equivalent exists, the member pays the generic copayment PLUS the difference between the cost of the generic drug and the brand-name drug.
- Home Delivery Incentive: When a member chooses to fill a prescription a fourth time at a retail pharmacy within 180 days, the member will pay twice the normal retail copayment.
