Questions and Answers About the Basic Medical Plan

Q: I've applied for coverage. What happens next?

A: Once we receive your request for coverage, a representative may contact you to review the health questions you answered on the application.

Q: I've been approved for coverage. What happens now?

A: Your benefits begin immediately and you'll receive a kit in the mail that includes all the information you need to start using your plan – including your ID card. You'll receive your Express Scripts prescription drug card and Lab Card Select benefit card separately in the mail. When you use Lab Card Select, you'll receive additional discounts on your lab tests.

Q: With the WorldCARE program, can I see the same doctor I see now?

A: Yes, you can choose any doctor you wish. However, you'll actually save money when using doctors within your Preferred Provider Organization (PPO) network because World Insurance Company has already negotiated special discounts with participating PPOs ... which means you'll pay less. If you use doctors outside the PPO network, you'll pay a greater share of covered expenses. In-network and out-of-network benefit differences are noted in the "Customize Your Protection" pages. In-network and out-of-network deductibles and coinsurance are accumulated separately.

Q: How do I find out if my doctor is part of the network?

A: Finding out if your doctor is in your PPO network is easy. You have 3 options ...

Ask your doctor

Your doctor has a complete listing of all the PPO networks in which he or she participates

Visit www.worldinsco.com

- Click on "Find a Provider"
- Select your PPO network
- Click on the network's link and search for your doctor

Call us toll free at 1-800-786-7557

Customer Service representatives are available Monday thru Friday from 7:30 a.m. to 5 p.m. Central Time

Q: What happens when I need to fill a prescription?

A: Present your Express Scripts card at a participating pharmacy. You can find a list of participating pharmacies – along with your plan's formulary list – at www.express-scripts.com. "Formulary" is a list of eligible outpatient drugs.

Q: What's the difference between Generic and Brand Name drugs? How do Specialty drugs fit in?

A: Generic drugs have the same active ingredients as Brand Name drugs – but generally cost less. Both Generic and Brand Name drugs are approved by the Food & Drug Administration. Specialty drugs are high-cost medications and biologicals that are often used to treat complex clinical conditions. They usually require close management by a physician because of their potential side effects and need for frequent dosage adjustments.

Q: I've heard a lot lately about stores offering \$4 generic prescriptions. How does this apply to my plan?

A: You will pay \$4. You will not pay more just because your copay or coinsurance amount is higher.

Q: I keep hearing a lot about "Wellness" benefits. What are they – and are they included in my plan?

A: Wellness benefits include things like routine physicals, screenings and immunizations. If you choose, you can include these in your plan. Amounts paid will depend on the specific benefit amount you choose.

Q: What happens if I have a serious illness or injury?

A: If you have a serious illness or injury requiring ongoing care, you can choose to receive additional help from a registered nurse through our Extra Care Program. Our registered nurses will respond to your health care needs and help coordinate care between you and your health care providers. Whether you want to take part in the Extra Care Program is completely up to you; you and your physician always remain in charge of your health care.

Q: What about my children? How long can they keep their WorldCARE coverage?

A: Your children can keep coverage until they turn 27 as long as they are unmarried, enrolled full-time in an accredited school and financially dependent on you. Otherwise, coverage will end on their 19th birthday.* Your children can choose a similar World Insurance Company health plan of their own.

**In most states - please check your plan for specifics in your state.*

Q: What should I do if I find an error on my hospital bill?

A: Simply call Customer Service. If you find an error of \$50 or more on your hospital bill, we'll give you 50% of the savings, up to a \$500 reward per hospital stay.

Q: Is there any way I can lower my health care costs?

A: Yes, there are a number of ways to cut costs, such as ...

Premium:

- Choosing a higher deductible or higher coinsurance in exchange for a lower rate.
- Considering a premium reduction option in the "Customize Your Protection" pages.

Health Care:

- Using the online prescription drug finder (www.express-scripts.com) to locate lower-priced alternatives, like generics.
- Using the online medical library (www.healthequity.com) to find information on common health risks, preventive care and treatment so you can live healthier.

Q: Can I change my benefits at a later date?

A: Many benefit changes can be made with just a phone call to Customer Service. However, for some changes, like lowering your deductible, you may have to complete another application process.

Disclosure Information

Access Fee

This is the dollar amount that you must pay each time you receive certain treatments, services and supplies. The access fee is subtracted from covered expenses before applying any deductible or coinsurance percentage. An access fee will not be reimbursed by us nor does it count toward satisfying any deductible, coinsurance percentage or other out-of-pocket limit.

Critical Illness Benefit

The lifetime benefit amount is payable at 100% for end-stage renal failure, heart attack, permanent paralysis, stroke, life-threatening cancer condition, loss of limbs and major organ transplant including: liver, kidney, lung, heart, pancreas or bone marrow; 25% is payable for first coronary artery bypass surgery and 10% for first angioplasty. Benefits are reduced by 50% when a covered insured turns age 70.

Preauthorization

You must call for authorization prior to inpatient and outpatient surgeries or any scheduled hospital or skilled nursing stay, home health or hospice care, or transplants or replacements. See your insurance contract for a complete list. Authorization is not required before treatment in an emergency situation; however, a later authorization is required. For human organ or bone marrow transplants or replacements, authorization is required at the time your doctor first indicates a transplant or replacement may be needed. Benefits may be reduced if preauthorization procedures are not followed or treatment is unauthorized. *(Provisions may vary by state.)*

Pre-existing Condition

This coverage is designed to pay for accidents that occur or sickness that first manifests itself after the date of issue. We will not pay for a pre-existing condition or disease for up to 12 months after issue which is not admitted on the application. Pre-existing condition means a condition for which medical advice was given or treatment was recommended by a physician within a 12-month period prior to the issue date of coverage for that covered person. Pre-existing conditions admitted on the application will be covered after the issue date unless excluded by name or specific description. Any false statement, misrepresentation or omissions in the application may result in benefits being denied or the contract being rescinded, subject to the Time Limit on Certain Defenses. *(Provisions may vary by state.)*

Premiums and Renewability

You may renew the coverage for any covered person by paying the premiums as they come due. We may decline to renew the coverage for nonpayment of premiums, fraud, loss of eligibility, if we cancel the master policy, or if we discontinue all policies/certificates of the same type in a specific state or nationwide. See your insurance contract for additional details. Initial premium rates are guaranteed from coverage issue date for the Rate Guarantee Period you select so long as your area of residence, benefit selections and covered persons remain the same. We reserve the right to change premium rates on any renewal date after the Rate Guarantee Period chosen has expired. Benefits and premiums will vary depending on plan, coverage choices and optional benefits which you select.

Applications are individually underwritten and each person is assigned a rate class. Should a rate class premium change be necessary in the future, it will only be made if made on all forms in the same class as determined by us and not on an individual basis. At most ages, the premium will increase because a covered person is one year older. Such premium changes will accumulate but will not be made during the Rate Guarantee Period selected.

Other Coverage

If you have other coverage or become eligible for Medicare, benefits may be reduced *(not applicable to any life insurance benefits provided in conjunction with the plan)*. Plan provisions determine whether the benefits of this coverage are considered before or after those of the other coverage.

Usual and Customary

The Usual and Customary (U&C) amount is the charge for medical procedures, services and supplies World determines to be a reflection of the current statistical sampling of charges for medical procedures, services and supplies made in the same or comparable area. Charges in excess of the U&C are your responsibility and will not be paid by World. You are not subject to any U&C reduction when you use PPO providers.
